Atworth Guides

The guides here in Atworth continue to be well attended. We currently have 24 guides ranging in age from 10 to 17.

As a unit we have had a busy year taking part in Jubilee and Olympic themed events. We have been on pack holiday to Berwick as well as a weekend later on in the year when we celebrated one of our Guides gaining their Baden Powell Award with a Jubilee themed weekend including a tea party and of course all things red, white and blue.

As part of the Go for it, the girls have played a large part in organising weekly activities. These have included fashion shows, relaxation evenings, various crafts and cooking activities as well as some of the older girls organising an Easter themed evening.

We have taken part in District events including Thinking Day and an Olympic day at Christie Miller as well as our usual Thinking Day service with Atworth church.

So far for this year we have a concert booked in April at the BIC, a camp fire sing song with the rest of our district and a weekend away in November.

The Guides in Atworth continue to grow and we are always on the lookout for any new adult helpers. If you be interested please get in touch.
