Atworth Community Speedwatch

Report for Atworth Parish Council Annual Assembly 16/4/2014

Scheme re-launched following constructive meeting with Wiltshire Police CSW co-ordinator Leanne Homewood and PC Barry Dalton.

With Leanne in place and supported by Dan Snowden the processing of the results from CSW sessions is now much more timely as illustrated by data below.

Data entry has been simplified to help achieve higher levels of offender matches.

Neighbourhood Policing Team has promised to make concerted effort to attend sessions wherever possible subject to normal constraints.

Push for new members launched via posters/leaflets around village and half page entry in Village Magazine. Two new members already on board and following training session on 2nd April are now ready to zapp. More new members needed and all will be welcome.
