Report from Atworth W.I. for the Parish Assembly

Wednesday 16 April 2014

Atworth W.I. has had another successful year, during which we have recruited 4 new members. We have enjoyed a varied programme of talks at our meetings in the Village Hall, among which were Dr David Ball on 'Hearing Dogs for the Deaf' and Juliana Sedli on "Cheese Making in the Old Cheese Room" – the latter enterprise takes place right here on the Neston Estate.

Between meetings there have been outings, craft afternoon and walks. We have enjoyed catering for the Village Show, The Hall Fundraising Football Tournament and the Parish Assembly. Our representative attends the Village Hall committee meetings, and we have been able to make donations to the Youth Club and the Village Hall, as well as buying advertising in the Yer Tiz for our Autumn Fayre.

We have continued in our role as Village Caretaker: from organising group litter-picks and regularly collecting litter throughout the village to re-painting noticeboards and benches in the Spring.

We are grateful to be able to contribute to our community in practical ways and look forward to being involved in Village life well into the future.
