1ST Atworth Brownies

The brownies continue to run as usual. There are currently 15 brownies in the Unit.

At Christmas we said farewell to a long-standing leader, Caroline Hancock but have been fortunate to find a replacement in Moya Strachan, who we are sure will be an asset to the Unit.

The brownies continue to work for various badges in fun ways which at the same time teach them useful skills.

Last Autumn we undertook a range of challenges connected to 'Being British' where we thought about different places in Britain, tried various foods, made crafts, 'explored' London (through crafts and activities) and also thought about the cultures of both ourselves and others living in Britain. This culminated in a very successful Mad Hatter's Tea Party where activities included trying different types of tea, decorating a tea-cup, cup-cake crafts, sweetie trees, pin the grin on the Cheshire Cat.

We are currently working on activities related to 'Community' and have tried sign language, looked at and felt braille, made a booklet about Atworth, learnt to tie some knots, sewn on a button, thought of ways to save energy and how to keep our homes safe.

We also held a very successful joint 'Chocolate Bingo' evening with the Guides which was well supported by brownies, guides and their parents.
